HOW TO ACCESS AICLOUD ACADEMY

Explore. Enroll. Start learning.

A quick guide to getting into **aicloudsconsulting.com/school** — how students enroll in six guided steps, how teachers and administrators sign in, and what every account can do once you're in.

Explore Programs

Browse 20 career programs and 39 tool courses

Enroll in 6 Steps

Your details, a package for your country, then verify your email

Program or Tools

One tool free for 3 months now; full programs from Dec 1, 2026

Your Dashboard

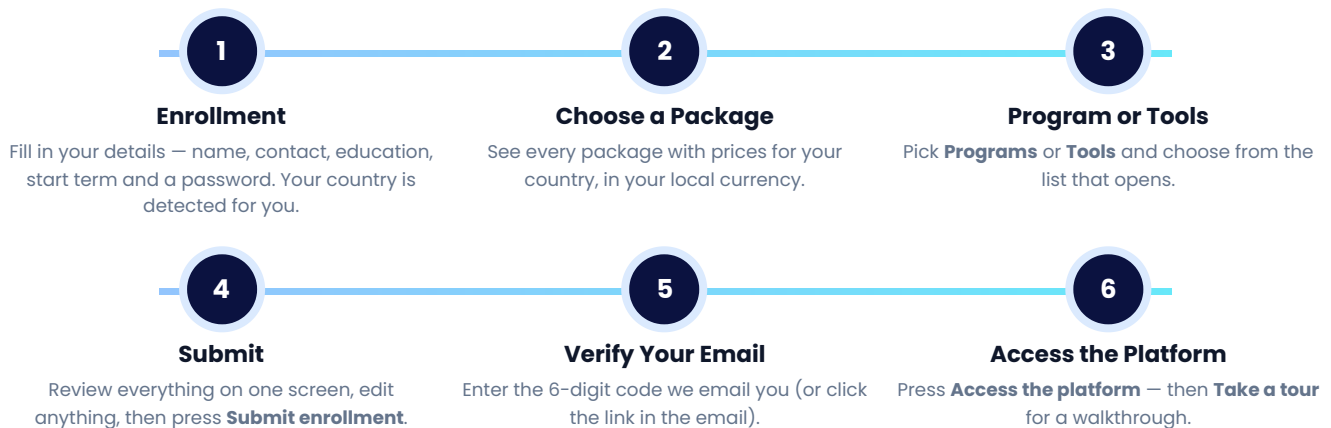

Progress, classes, what's due and grades in one place

New here? Scan the code on the back page or visit aicloudsconsulting.com/school and click "Enrollment" to begin.

FOR STUDENTS

From first visit to **first lesson**

Go to **aicloudsconsulting.com/school** (or click **Aicloud Academy** on aicloudsconsulting.com) and open **Enrollment** in the top menu (**aicloudsconsulting.com/school/enrollment**). Six steps and you're learning — nothing is created until you submit.

PACKAGES • EXAMPLE: USA RATES (USD)

Choose how you **want to learn**

---	---	---	---

PRICES FOR YOUR COUNTRY

Each country sees its own rate

When you open **Enrollment**, the system detects your country automatically and shows every package in your local currency. You can change the country anytime with **Your country**. The prices above are the U.S. rates.

AVAILABLE NOW

Free program today

Paid programs open for enrollment on **December 1, 2026**. The free Specialist package covers one IT tool; a Certificate of Completion is optional and paid separately. Packages can be paid in 2 installments.

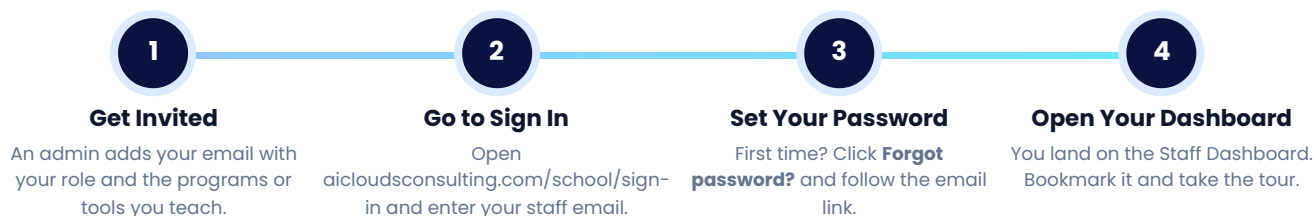

GOOD TO KNOW

- ✓ Check your inbox (and spam) for the 6-digit code — it's valid for 3 minutes, with up to 3 resends.
- ✓ Enrollment is by email — there's no Google or Facebook sign-up.
- ✓ Already enrolled? Use **Sign In** at the top — it's for existing accounts only; "Forgot password?" resets it.
- ✓ You'll receive a welcome email with a quick-start guide after sign-up.
- ✓ Questions first? Open **Contact** in the top menu to message the team.

FOR TEACHERS & STAFF

Signing in to your staff account

Staff accounts are created by an administrator — there's no public sign-up for teachers or admins. Once your account is set up:

ROLES & PERMISSIONS

The right access for every job

Role	What they do	Main areas
Teacher	Teaches assigned programs and tools; runs live classes and meetings; grades work	Dashboard, My Attendance, Teach, Live Class, Meetings, Students, Approvals
Teaching Assistant	Supports teachers with students, discussions and grading in assigned programs	Students, Progress, Discussions
Course Admin	Owns a program's content: modules, chapters, labs, quizzes and exams	Course Content builder, Exams, Materials
Admission	Reviews applications, enrolls students and manages their access	Admissions, Manage Students, Approvals
IT Admin	Manages user accounts, sign-in issues and account security	Manage Accounts
Super Admin	Runs the whole academy: programs, staff, students and settings	Manage Programs, Manage Staff, all areas

TEACHER TIP

Teach mode picks up where you left off

Open **Teach** to present your program's lessons, labs and quizzes. Each program shows how much you've taught and continues from the next untaught chapter.

ADMIN TIP

Least privilege by default

Give each staff member only the role and programs they need. Teachers only see students and submissions for the programs assigned to them.

ACCOUNT FEATURES

What you'll find inside your account

Student Account

Everything for learning, in the left-hand menu:

[Dashboard](#) [My Program](#)
[My Attendance](#) [My Tools](#)
